Volunteer guide

Your guide to volunteering for Childhood Day

Thank You = for playing your part

Childhood Day is when we stand together for children, and we stand against abuse. The power to prevent abuse lies in communities across the UK and the Channel Islands.

Building on the success of previous Childhood Days, this year we're holding collections across the UK. By joining a collection you are helping keep children safe.

Whether this is your first time collecting or you're one of our dedicated existing volunteers, this guide will tell you everything you need to know about collecting.

Your collection lead will also be in touch with you ahead of time, to provide you with more specific details.

Together, we can stop child abuse.

A little bit about us

Who are the NSPCC?

The NSPCC are the UK's leading children's charity fighting to end child abuse.

Child abuse is preventable, not inevitable. That's why everything we do protects children today, prevents abuse tomorrow and transforms society to make child abuse a thing of the past.

What services do the NSPCC run?

To ensure children can lead a life safe from abuse and neglect, we run several services to safeguard and support children. These include our Childline service — our free, 24-hour service for children and young people to get support and advice. Speak out. Stay safe. — our online safeguarding programme for children aged 5 to 11, which teaches children about abuse and how to speak out if they're worried. The NSPCC Helpline is here for any adults with concerns about a child. And we have local hubs where we work directly with children and families.

How many children do we help?

Between 2016 and 2021, we've helped make 6.6 million children safer from abuse.

In 2020/21, we held over 200,000 counselling sessions with children who contacted Childline, and through our *Speak out. Stay safe.* programme we reached over 370,000 children in 1,600 schools.

How does each donation help?

A donation of £4 will enable a volunteer counsellor to answer a child's call for help to Childline.

What should I do if I have concerns about a child?

If you have any concerns about a child's safety, wellbeing or are a parent or carer looking for advice, you can contact **the NSPCC Helpline on 0808 800 5000 or email us at help@nspcc.org.uk.** Should a member of the public disclose anything to you during the collection or ask how they can report their concerns about a child, please give them one of our Helpline cards. You'll get these with your collection materials.

If a child wants to contact Childline they can call 0800 1111 or visit childline.org.uk

Around 90% of our income comes from those who choose to give to us. And around 80p in every £1 we spend goes directly to helping children and young people.

When should I arrive at my collection?

Please try to arrive 15 minutes before your collection slot is due to start. This will give you time to sign in, pick up your collection materials and meet your local collection lead.

I can no longer collect. What should I do?

If you're not able to collect for us, whatever the reason, we completely understand. To cancel or amend your collection, please follow these instructions:

- 1. Click on the 'manage my registration' link in the confirmation email you received when you first signed up.
- 2. This will bring you through to your registration. From here you can cancel your shift.
- 3. If you want to re-book onto a different collection, location or shift, please complete a new registration.

If you experience any issues in changing your shift, please contact us at

CHDVolunteering@nspcc.org.uk

When do I find out how much was raised at my collection?

Once the donations from each collection have been counted and added together, you'll receive an email letting you know how much was raised at your collection, and from Childhood Day collections nationally.

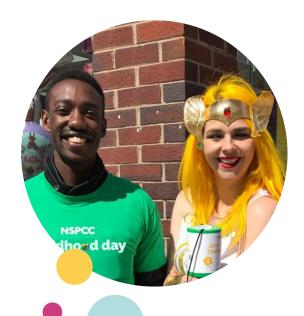

How else can I help the NSPCC?

We'd love to have you volunteer for us again, whether that's through collecting, taking part in a fundraising event, joining a fundraising group, or volunteering within our services such as at Childline.

We'll be in touch with you again after your collection, but if you have any questions or would like to get involved in the meantime, please contact **CHDVolunteering@nspcc.org.uk**

Top tips for a successful collection

On arrival

Meet the collection lead at your collection base, sign in on our volunteers register and put your name on your collector's authority card. The collection lead will be able to provide you with your NSPCC t-shirt and everything you need.

Be knowledgeable

It's good to know a little about our work, so you're comfortable speaking about the NSPCC. This guide will tell you a little bit about what we do.

Be easy to approach

Smile and make eye contact. Even if you're wearing a mask, we smile with our eyes, and a friendly face goes a long way.

Be prepared

Hopefully the sun will be shining, but don't forget to bring a waterproof just in case. If it does rain, find somewhere covered to collect. And bring a small wearable bag for your personal belongings.

Collect together

We need at least two volunteers per collection, so why not make it more fun by joining up with one of your friends, colleagues or family members?

Share the link so they can sign up too!

More top tips for a successful collection

Bring a drink

It's really important to stay hydrated, especially if it's a hot day.

Be visible

You'll stand out with your NSPCC t-shirt/sash. And make sure to wear your collectors authority card while collecting. Please don't shake your bucket though, this might be tempting to do but not everyone will appreciate it.

Pick a good spot

Look for somewhere that's busy, but remember not to obstruct any exits or get in people's way.

Be safe

When you've finished collecting, or if you or your fellow collector needs to leave, you will both need to take your bucket/contactless device back to your collection lead. In the unlikely event that someone tries to steal your bucket, give it up. Your safety is important.

Remember

You're making a real difference by playing your part in Childhood Day, and every pound you raise will help change children's lives.

A child contacts Childline every 25 seconds, and without you we wouldn't be able to support them.

Share your photes

We'd love to see photos of you out collecting on Childhood Day. You can share your photos by:

1

Posting them in our Childhood Day Facebook group

2

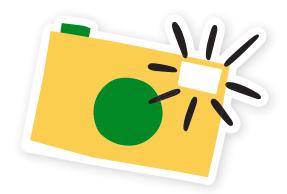

Using the hashtag
#ChildhoodDay
when posting them
on social media

3

Sending them to us at CHDVolunteering @nspcc.org.uk

By sending us your photos, you agree to them being used on future promotional materials for Childhood Day. Please also ensure that anyone pictured in the photo is happy for the photo to be shared.

for playing your part this childhood day
