

Number Day resources

Everything you need to make this the best Number Day so far!

Thank you for joining schools and nurseries across the UK taking part in Number Day 2024!

We love seeing your Number Day posts and photos on social media so please remember to tag us @NSPCC and use the hashtag #NumberDay.

If you have any questions in relation to Number Day you can contact us at numberday@nspcc.org.uk

In addition to all the usual favourites, NEW activities will be coming soon - so please keep checking this page to make sure you don't miss out!

On this page

Take up the challenge and Dress up for Digits

Simply ask your children, pupils and staff to wear an item of clothing with a number on it and make a donation.

This can be a favourite sports top or cap, or even a onesie.

Or why not get more creative and design a unique t-shirt, hat or even become a human-sized calculator or dice!

Maths challenge with Johnny Ball

Number Day introduction

A big NSPCC thank you to Emmanuel Asuquo, our ambassador for Number Day 2024

Emmanuel Asuquo is supporting Number Day with a school tour and has said that:

"In my world, numbers have always been a double-edged sword. I grew up where they were a constant reminder of things we couldn't afford, dreams that seemed unreachable.

"But as I journeyed through life, these same numbers became my allies, unlocking doors to opportunities and empowerment..."

Competition time!

NSPCC Rocks

Times Tables Rock Stars is teaming up with the NSPCC for the eighth year in a row to celebrate Number Day.

Have your school reach new heights with NSPCC Rocks. This online times tables competition boosts maths confidence alongside accuracy and recall speed.

Visit [NSPCC Rocks](#) to take part and see if your school wins a place on the leaderboard.

Enrol now

Win a numerical Wall Art project for your school or nursery

We've teamed up with Promote Your School so that every setting that registers for Number Day 2024 will be entered into a random draw.

One lucky school or nursery will win a maths- or numeracy-inspired Wall Art project donated by [Promote Your School](#) to celebrate the magic of numbers and maths.

Promote Your School will offer one Maths/Numeracy Wall Art project, including design, print and installation to a school setting located in the UK.

Read our full [Terms & Conditions](#).

The easiest way to fundraise - GiftT

GiftT offers a really easy and inclusive way to fundraise. If you choose to fundraise this way, you'll be sent access to a page with your own unique QR code and sponsorship form. This can be circulated with the friends and family of pupils for them to donate to your fundraiser.

"It was so easy having the QR code for our parents to add their donations. It really cut down admin for the school, we only had to distribute the code. Would definitely do it this way again."

Assistant Headteacher, Wentworth Primary

If you'd like to use GiftT, please email schoolsfundraising@nspcc.org.uk and let us know so that we can set an account up for your school. On your account you can find your schools personal QR code. You'll be sent your GiftT log in details via email.

Watch this short video to see how to log in and use your account

1. Log into your account with the details sent via email.
2. Copy your school's donation link (which you'll receive via email) or QR code (which you need to download from your account) into an email for parents and carers or download the sponsorship form with your QR code already included. When you log in to GiftT, there will be a 'download sponsorship form' button in red.
3. Print and send home sponsorship forms with pupils or send the email out to parents and carers.
4. It's time for pupils to start collecting their donations and sponsorship! They can ask trusted family and friends for donations using their QR code with permission from parents and carers.
5. You can use your log in details to keep track of how much money your school has raised. Once your event is finished there's nothing left to do - the money will automatically be sent to us.
6. You don't need to return sponsorship forms if you've raised money via GiftT.

Remember to share your fundraising with parents and carers.

Paying your money in

All registered schools should receive a welcome letter with paying in instructions. If you've misplaced this letter with your supporter ID, or haven't received your welcome pack yet, please complete and return this [paying in form](#). Your supporter ID may also be found on your Number Day emails.

You can pay in money:

- directly to Barclays Bank via the pre-coded giro in your welcome pack
- via cheque sent to NSPCC Schools Service, NSPCC, Bumpers Way, Bumpers Farm, Chippenham, SN14 6NG
- online
- by phone on [020 7825 2505](tel:02078252505)

Or your school may be using one of our cashless options like [GiftT](#), [IRIS ParentMail](#) or [JustGiving](#).

JustGiving - Raising money has never been easier with JustGiving QR codes. You can see your QR code by typing '**qrcode**' at the end of your page's URL. Save or screenshot this and include it on posters, emails and letters. Children can spread the word to their family and friends to encourage them to donate!

Returning sponsor forms: You'll find instructions for paying in money you've raised within your welcome letter or the [paying in form](#).

If your school has sponsor forms to return to NSPCC to enable us to claim gift aid, please return them by confidential and secure post (such as second class signed for). Address details can be found within your welcome letter or the [paying in form](#). You don't need to return sponsorship forms if you've raised money via GiftT.

If you have any queries in relation to paying in the money you've raised, please email schoolsfundraising@nspcc.org.uk.
