# 12 Petal Flower Template

To be used with the Number Garden activity.  
To be used for times tables.

### How to use this template:

1. Decorate your flowers
2. Carefully cut around the petals
3. Put a small amount of glue on the centre of one flower and carefully stick the other flower on top – lining up the petals
4. Try using a stick from the park or a lolly stick for the stem

Number Day is supported by Man Group and Maths on Toast, led by NSPCC
