EVERY CHILDHOOD IS WORTH FIGHTING FOR

The NSPCC Whistleblowing Advice Line

**I'm worried malpractice at work is affecting children.**

**NSPCC**

**A chat with your friend over a cup  
of tea won't change anything.  
A chat with us can change a child's life.**

If you're worried about how your organisation  
is handling a child protection issue, the  
**NSPCC Whistleblowing Advice Line** is a service  
that you can contact for help about next steps.

**The NSPCC Whistleblowing  
Advice Line is free and you  
don't have to give your  
name if you don't want to.**
